

Greg Newman

A Visual Designer with 10+ years of experience, taking projects from the initial stage of concept through to final production while having a positive, hard working personality.

EXPERIENCE

Digital Designer (UI) | Websitevision - Exeter

May 2022 to October 2023

Working on concept designs by identifying the objectives influencing the site's hierarchy, creating wireframes and prototypes, then style guides for developer handover for launching responsive websites.

Head of Design | MCMU Agency - Exeter

June 2021 - December 2021

Working remotely (maternity cover) with account managers to create digital content and printed items for not-for-profit organisations and local businesses.

Web Designer | Boost Digital Media - Torquay

February 2020 - June 2021

Integrating client's branding and creating assets for website design and working closely with developer.

Freelance Designer | Ashburton

August 2008 - December 2020

Working with medical publishers, small businesses and councils. Collaborating with printers to produce company literature, marketing material, book covers and large format graphics.
